📍 Phu Lam, Ha Dong, Hanoi, Vietnam

Objective

I'm studying at HaNoi Architectural University with specializing in Information Technology.

Learning new languages and technologies are what i am passionate about. Addtionally, i am looking for a internship / fresher position in an environment where i can enhance my abilities and the opportunities to help the company thrive and beeffective. To Believe that when I work in such a good environment, i will have more experience and improve my skills to become a Front-end developer. I am hard working, eager to learn. Moreover, I can work well under pressure. With these characteristics, I believe that I am suitable for this position.
